

International Organization for Migration (IOM)
The UN Migration Agency

Vacancy Notice

Position Title : **National Migration Health Officer**
Duty Station : Tokyo, Japan
Classification : National Officer, NO-B
Type of Appointment : Fixed term, one year with possibility of extension
Estimated Start Date : As soon as possible

Closing Date : **May 23, 2024**

Established in 1951, IOM is a Related Organization of the United Nations, and as the leading UN agency in the field of migration, works closely with governmental, intergovernmental and non-governmental partners. IOM is dedicated to promoting humane and orderly migration for the benefit of all. It does so by providing services and advice to governments and migrants.

IOM is committed to a diverse and inclusive environment. Applications from qualified female candidates are especially encouraged. For the purpose of the vacancy, the following candidates are considered as first-tier candidates:

1. Internal candidates
2. External female candidates.

Context:

Under the direct supervision of the Migration Health Coordinator based in Tokyo, JPETS Programme, the successful candidate will be responsible for the carrying out the following duties and responsibilities in relation to the Migration Health in Tokyo, Japan.

Core Functions / Responsibilities:

1. Lead liaison activities for technical aspects of the Japan Pre-Entry Tuberculosis Screening (JPETS) between IOM and the Government of Japan (GoJ), in coordination with the Chief of Mission (COM) in Japan and Migration Health Coordinator (JPETS). Facilitate efficient communication and coordination with GoJ while assisting them to achieve their goals in managing the health-related aspects of the JPETS.
2. Participate in implementing the IOM JPETS activities, such as budget monitoring, raising RFP, reporting, logistics and capacity-building activities, in close coordination with the COM, MHD RHAPC and Migration Health Coordinator.

3. In close coordinate with Migration Health Informatics (MHI) unit in MAC, provide guidance and update business requirements of JPETS Information Management System (JIMS), and make sure the JIMS fulfils the needs of the JIMS users.
4. Coordinate with the MHI team on integration of the JIMS with other IOM systems such as Teleradiology, Laboratory Information Management System and others, as necessary.
5. Provide assistance to JPETS health assessment business processes and operating and procedural standards, and ensure they are met, maintaining a high level of integrity within the program.
6. In coordination with the RHAPC, Migration Health Coordinator in the ROAP and other relevant MHD colleagues, develop guidelines and standard operating procedures (SOPs), concepts, frameworks and tools which will facilitate the successful implementation of the JPETS programme worldwide.
7. Promote and facilitate training in JPETS is included in IOM staff development programmes globally, in conjunction with other training priorities. Contribute to training in JPETS for non-IOM physicians, as needed.
8. Synthesize and analyse relevant data on JPETS migration health activities globally and make relevant information available internally and to the GoJ. Manage the exchange of information, reports and programme updates.
9. Proactively pursue the interest and needs of the GoJ in IOM's assistance to non-IOM panel physicians in order to standardize and improve the quality of JPETS globally.
10. Promote the possible expansion of JPETS health assessment activities and initiatives globally in coordination with respective IOM offices, relevant Project Managers, the RHAPC and Migration Health Coordinator in the ROAP, and assist to prepare and submit proposals for IOM Migration Health Assessment as needed.
11. Facilitate communications between IOM and GoJ, conceptualize or implement migration health activities in other programmatic contexts.
12. Develop migration health activities in Japan, including participating in proposal development with the aim to expand and diversify migrant health activities in the country in the domain of migration health promotion. These activities may also include a liaison with relevant UN and non-UN partners, government focal points for health and potential donors, and coordination with the COM and ROAP.
13. Participate and promote the IOM migration health agenda in meetings, workshops and international conferences; draft proposals and reports, presentations and background documents on behalf of the IOM migration health team, as required.
14. Perform such other duties as may be assigned.

Required Qualifications and Experience

Education

- University Degree in Medicine or Nursing from an accredited academic institution with four years of relevant experience;
- Master's degree in Medicine, Health Sciences, or Public Health or a related field from an accredited academic institution with two years of relevant professional experience

Experience
