

FY2022 INTERNATIONAL FORUM ON ACCEPTANCE OF FOREIGN NATIONALS AND THEIR INTEGRATION INTO JAPAN :

“Supporting Foreign Residents in their Daily Lives: focusing on orientation and consultation services”

Since 2005, the Ministry of Foreign Affairs and the International Organization for Migration have held international forums to introduce good practices and agenda in initiatives to deepen understanding the issues regarding integration of foreign nationals in Japanese society.

As of the end of June 2022, there are approximately 2.96 million foreign nationals living in Japan. Some of them do not fully understand Japanese customs and social systems or do not know where to obtain necessary information, and have difficulty in adapting to society.

At this 18th forum, we will discuss “Supporting Foreign Residents in their Daily Lives: focusing on orientation and consultation services.” The forum will invite experts from Japan and abroad to share their views and good practices.

We are sincerely hoping for your participation.
